INO

The new bathroom collection Ino, designed for LAUFEN by French designer Toan Nguyen, understands itself as a fresh interpretation of classic washbasin forms. The innovative collection skilfully uses the creative possibilities of LAUFEN's SaphirKeramik. Elegant, inviting and almost weightless objects, the pieces work with simple lines, creating soft yet extremely stable walls. The collection includes a wall-mounted washbasin, a countertop or half inserted washbasin bowl, as well as high-quality bathroom furniture and two bathtubs.
