

# Foster Cooktops

Cooktop Prof FT - **7245 962**

## HIGHLIGHTS

### Professional grids.

All the Foster cooker hobs are equipped with cast-iron grids. It is a perfect material for its many properties: high thermal capacity that improves the cooking efficiency, weight that improves safety, sturdiness and easiness to clean.

### Metal Knobs.

Exclusive and original, the Foster metal knobs are an example of the strength and quality of the materials used. A distinctive feature shared by all the Foster elements in this collection to form an elegant uniformity in the kitchen.

### Safe Cooking.

All Foster cooker hobs are equipped with safety valves. These shut off the gas supply very quickly if the flame accidentally goes out. The utmost freedom of movement it is guaranteed by the electronic under knob ignition that allows a one-hand movement.

### Flush/mount installation.

The flush-mount cooker hobs have no vertical edge, and it can be sunk into a recess in the worktop's surface (fm), or simply placed on the worktop like a standard built-in product (om).
