Perfetto nella sua geometria rigorosa, contemporaneo nell'ortogonalità e nell'essenzialità delle linee impreziosite dalle infinite sfumature e variazioni cromatiche del marmo. Un lavabo che esprime al meglio la sartorialità di tutti i progetti antoniolupi, capaci di interpretare l'identità di ogni ambiente, di assecondare le esigenze dimensionali, di esprimere un'estetica sofisticata ed elegante. Due rette parallele disegnano lo spazio, definiscono lo spazio dell'acqua, due linee interrotte unicamente dai cambi di quota del top che danno vita alla sequenza ordinata e modulare di vasche e piani d'appoggio. Integrabile in nicchia o accostabile alla parete, nella versione con mobile o sospeso, identifica con pulizia formale ed eccellenza materica l'area lavabo.

Nella versione integrata nel mobile dialoga con le finiture, le texture e i colori dei frontali rivelandosi alla vista solo da vicino, mentre quando è sospeso permette la piena percezione dell'unicità del materiale. L'essenzialità del gesto dell'uomo incontra l'unicità della natura che trova nel marmo la sua massima espressione. Il candore e la bellezza classica del Bianco Carrara, il fascino misterioso del Nero Marquina, i guizzi di colore e i riflessi accesi del Rosso Levanto, effetti estetici irripetibili per una proposta che ridefinisce la gerarchia dello spazio bagno.

Perfect in its rigorous geometry, contemporary in the squareness and essentiality of the lines enhanced by the infinite shades and color variations of marble. A sink that best expresses the tailoring of all antoniolupi projects, capable of interpreting the identity of any environment, of accommodating dimensional requirements, of expressing a sophisticated and elegant aesthetic. Two parallel straight lines draw the space, defining the space of water, two lines interrupted only by the changes in height of the top that give life to the orderly and modular sequence of bathtubs and countertops. Can be integrated in a niche or placed on the wall, in the version with cabinet or suspended, it identifies with formal cleanliness and material excellence the sink area.

In the cabinet-integrated version it dialogues with the finishes, textures and colors of the fronts revealing itself to the eye only from close up, while when suspended it allows the full perception of the uniqueness of the material. The essentiality of man's gesture meets the uniqueness of nature, which finds its highest expression in marble. The whiteness and classic beauty of Bianco Carrara, the mysterious charm of Nero Marquina, the flickers of color and bright reflections of Rosso Levanto, unrepeatable aesthetic effects for a proposal that redefines the hierarchy of the bathroom space.
