Una controparete continua, una boiserie che uniforma rientri, sporgenze e spessori, un nuovo fondale sul quale mettere in scena i protagonisti dell'ambiente bagno. Offset è un progetto di sintesi, di unione, di integrazione, perché permette ai sanitari di essere perfettamente allineati e integrati nello spazio. Un'estensione di Anima Liquida e più in generale un nuovo step della ricerca di antoniolupi sul tema della parete-contenitore. Offset diventa la parete di appoggio dei sanitari, ospita vani capienti nei quali riporre asciugamani, salviette o altro e può ospitare il modulo per l'idroscopino. Nella parte superiore le ante nascondono un pratico canale/mensola portaoggetti. Finiture, materiali e colori permettono di interpretare il progetto e le caratteristiche dello spazio, trasformando un elemento funzionale in un protagonista della composizione.

A continuous counterwall, a boiserie that unifies indentations, projections and thicknesses, a new backdrop on which to stage the protagonists of the bathroom environment. Offset is a project of synthesis, of union, of integration, because it allows sanitary ware to be perfectly aligned and integrated into the space. An extension of Anima Liquida collection and more generally a new step in antoniolupi's research on the furniture wall storage theme.

Offset becomes the supporting wall for the sanitary ware, accommodates capacious compartments in which to store towels or other, and can house the hydrobrush module.

At the top, the doors conceal a practical storage channel/shelf. Finishes, materials and colors allow to interpret the design and characteristics of the environment, transforming a functional element into a protagonist of the environment.

ANIMA LIQUIDA

2021

design_Giorgio Rava

Un progetto che nasce dall'acqua e prende forma attraverso la sua forza assoluta, un lavabo monolitico in pietra naturale che rimanda all'immagine primordiale del fonte battesimale e del rito della purificazione, una boiserie/contenitore che fa da sfondo alla composizione e associa la componente funzionale alle qualità estetiche. Anima Liquida è oggi proposto in due dimensioni e viene completato da una boiserie/contenitore che ne esalta la dimensione scultorea, ospita oggetti e accessori di uso quotidiano nascondendoli alla vista ma rendendoli disponibili all'uso.

A project that comes from water and takes shape through its absolute strength, a monolithic sink in natural stone that refers to the primordial image of the baptismal font and the purification ritual, a boiserie / container that forms the background to the composition and associates the functional component to aesthetic qualities.
